**Tip of the week:**

***The Interlocking Grip:*** Grip the club with the left hand, placing the left thumb parallel to the top of the club and keeping left index finger extended away from club until interlocked with right pinkie. Then while placing the base of the right thumb over the left thumb, interlock right pinkie with the base of the left index finger. Adjust both hands until firmly yet comfortably interlocked and positioned on the club. This grip is particularly good for golfers with small hands.
